Kansas Mathematical Association of Two-Year Colleges
Spring Conference … March 28, 2009
Hutchinson Community College, Hutchinson, Kansas

Exhibitor Information

Our conference will be held on the campus of Hutchinson Community College on Saturday, March 28, 2009. Proposals for presentations are due January 23, and we expect to have a preliminary program available by February 6 (including conference times). The early registration deadline is March 13, at which time we will have some idea of attendance figures. Last year we had 43 in attendance. We are posting basic information about the conference on our web site at:

<p align="center">http://web.jccc.net/academic/math/kamatyc/index.htm</p>

(It's probably easier to Google KAMATYC.) We hope you will support our meeting.

If you want to exhibit with us, we will provide a table and chairs, electrical power, and internet access.   If you have other needs, please let us know. The exhibitor fee will be $25, plus $10 per person for our lunch buffet. The deadline for registering is March 13, but if you register by January 23, we could include you in our preliminary program information.

If you want to do a commercial presentation, please complete the "Call for Speakers" form on our web site and submit it by the January 23 deadline. The speaker must register for the conference ($10 for member presenter, $25 for a nonmember, or pay $15 to become a member and present), but there is no additional charge for a presentation.

If you are interested in donating a door prize, or in providing coffee and/or donuts, we would be most appreciative. And we would publicly announce our gratitude to the attendees.

KAMATYC is hoping to arrange a special lodging rate with one of the local hotels. For details, see the "Preregistration Form" that should be posted on our web site by the end of January.

If you have any questions, please contact Steve Wilson at swilson@jccc.edu. Make checks payable to KAMATYC. (Sorry, we don't have the facility to accept plastic.) Payments can be mailed to:
